It was fantastic experience in learning & understanding each standard with FinPro. These two folks, Amit & Akshay put their more than 100% in each of their sessions while teaching. They explain each concept with detailed practical examples and ensure that students understand it. Even though one is not a qualified chartered accountant or does not have strong base for Indian GAAP, FinPro will consider the fact, provide full support and one will come out with good understanding on IFRS and Ind AS. Thank you Akshay and Amit for your extended support and helping me clearing the Exams!!

“It was an amazing experience at IFRS batch as that was most professional yet convincing study session. The way the sessions were conducted by both of you made it so easy for me to understand and apply the logic behind the standards issued. Your efforts and experience made it so convenient in understanding that I could score 71 marks in the exam in such a small time span available for studies.”

CA Tanushree Solapurkar

“Initially I was wondering where I’ll get the academic as well as practical guidance on IFRS as its been 15 years I had studied Accounting Standards. I choose FinPro, a very professional, practical oriented, well co-ordinated and managed firm for it. At the end I was right. In fact I asked few more staff from office to get this course done. Keep it up guys and all the best.”
